Definetely
Maybe
Sometimes
Yes definitely
Goood night
Ohhhhhhhh yeahhhuhh
Yea
yes

Customer Interaction:

Person 1:

Name: Manoj Kumar
Age: 20
Profession: Computer Science Student

Background:

1. Works on academic and personal coding projects
2. Uses GitHub to explore repositories

Pain Points:

1. Struggles to understand large codes
2. Hard to contribute in team projects
3. Time-consuming debugging

Needs:

1. Clear code explanations
2. Easy navigation
3. Faster learning

Person 2:

Name: Bhuvan Reddy
Age: 20
Profession: Mechanical Engineering Student

Background:

1. Likes to code but have less coding knowledge
2. Uses AI to explore make projects

Pain Points:

1. I forget code quickly after writing it
2. Fear of breaking existing code
3. Learning from real projects is hard

Needs:

1. Explain my own code
2. Safe edit suggestion
